The requirement for qualification of the Lewis Jewel is being the direct descendant (son) of an Arkansas Master Mason (either living or deceased). Once the information has been confirmed in the Grand Lodge database for the recipients, the jewel and/or name bars will be shipped to the lodge postal address. It is the lodge/recipients responsibility to engrave the name bars so prior planning is recommended. The purpose of the program is to recognize masonic families within Arkansas. The appropriate time to present the jewel to the youngest generation within the family is during the master mason degree after the bible, Grand Masters lapel pin and other items are presented.
